

Metal DIN Rail Meter Enclosure Summary Sheet

This steel DIN Rail enclosure, available in either 8 modules or 14 modules, comes complete with a tough powder coated finish and has a lift up cover for easy viewing of meter readings.

It has multiple knock-outs for access from the top, bottom, sides and back of the enclosure and has both earth and neutral terminal blocks fitted inside to allow a common earth or neutral to be wired to the enclosure. The internal DIN rail can be removed to aid installation and the enclosure has 4 fixing points for sturdy mounting.

Stephen P Wales supply a wide range of single phase and three phase DIN Rail meters. We can also pre-wire any CT operated meter into your enclosure, allowing for a simple, hassle free installation upon delivery.

Specification
