

W T Henley Service Cut Outs - Summary Sheet

W T Henley Series 6 & Series 7 Cut Outs set the standard for safety and convenience for 240/415V House Service Cut-outs. The Series 6 range from WT Henley is designed for Separate Neutral and Earth (SNE) Systems and the Series 7 range is designed for Combined Neutral and Earth (CNE) Systems

Compliant to BS 7657: 2010, the range is simple to install, and can be combined to form single or three phase sets with solid links, (denoted by red carrier), 60/80A or 100A fuses.

The range supports Aluminium or Copper conductors up to 35mm² and the Glass Reinforced Polyester (GRP) mouldings offer high strength and will not support combustion or track at working voltage.

While we stock all individual components from the ranges, to make purchasing easier, we've created kits allowing the various items required for an installation, (e.g. a three phase fused cut out includes 7 parts), to be purchased using one part code.

Service Cut Out Kits

	Series 6 Separate Neutral and Earth (SNE)	Series 7 Combined Neutral and Earth (CNE)
Single Phase Fused Cut Out 	60A – HCS6SPF60 80A – HCS6SPF80 100A – HCS6SPF W – 108mm H – 205mm D 96mm	60A – HCS7SPF60 80A – HCS7SPF80 100A – HCS7SPF W – 90mm H – 200mm D 90mm
Single Phase Solid Link Cut Out 	HCS6SPR W – 108mm H – 205mm D 96mm	HCS7SPR W – 90mm H – 200mm D 90mm
Three Phase Fused Cut Out 	100A – HCS6TPF W – 196mm H – 281mm D 96mm	100A – HCS7TPF W – 200mm H – 281mm D 90mm
Three Phase Solid Link Cut Out 	HCS6TPR W – 196mm H – 281mm D 96mm	HCS7TPR W – 200mm H – 281mm D 90mm
