

## Kamstrup MultiCal 302 Heat Meter - Summary Sheet

### Summary

The Multical 302 by Kamstrup is a compact, simple and easy to use MID approved Heat Meter ideal for residential applications. The Multical consists of a flow sensor, an electronic display and a pair of temperature sensors. The meter comprises an integral logger which can record consumption data for up to 15 years. The meter has 15mm couplers suitable for connection to ½" pipe which will cater for flow rates up to 3.0m<sup>3</sup>/h.

### Product Code

HMKA302

### Max Flow Rate

3.0m<sup>3</sup>/h

### Connection

15mm (½")

### MID Approved

Yes

### Output Type

Pulse

### Availability

Next Day

Heat meters are superb for measuring the consumption of thermal energy and are typically used to charge for heating from a communal boiler or to measure the benefit from Air Source Heat pumps. This enables homeowners to generate additional income through the Domestic Renewable Heat Incentive (RHI) Scheme.

### Dimensions
