

Three Phase Panel Mount Metering Kit - Summary Sheet

Our three phase Panel Mount metering kit is built for fast and easy installation and is ideal for retrofit applications. The compact enclosure has top and bottom cable entry points and our meter engineers pre-fit the required CT links, voltage reference and earthing with clear labelling. It comes complete with split core CT's that simply clip around the supplies, saving time and disruption.

This kit is available with one of four meters offering a range of features from simple pulse outputs to remote access to readings via ethernet. You can also select CT's appropriate for your circuit with 24mm & 36mm apertures available covering loads of 100A to 400A. Can't find a meter or CT to suit your requirements, contact our friendly sales teams who will be happy to put together a bespoke quotation.

What's included?

-  1 x 3-Phase Panel Mount Meter (see options on left)
-  1 x Steel Meter Enclosure (H-300mm x W-200mm x D-130mm)
-  3 x Split Core CT (select ratio & aperture upon order)
-  CT links, voltage reference and earthing terminals
-  1m of 1.5mm stranded blue, brown, black & grey cable
-  1m of 2.5mm stranded earth cable
