

Smith Prepayment Coin Meter – Summary Sheet

Our longest serving prepayment meter, and still providing great value for money. A 40 Amp non-MID approved meter which accepts £1 coins and provides high security with a steel cash box.

All our reconditioned meters go through an initial inspection from one of our experienced meter engineers. The meter is then reset and zeroed, followed by a thorough clean, re-spray and second test to ensure accuracy and product quality.

While easy to program on site, we can pre-program your meter for you prior to dispatch. Just select the optional extra and enter your requirements upon placing your order.
