

## Emlite Prepayment Coin Meter – Summary Sheet

A versatile prepayment coin meter, available with £1 & £2 or €1 & €2 payment options. In addition, this meter can also be used as a Timer, simply amend the programming to give a set amount of time per coin.

This 100 Amp meter is MID approved and can be set up with two tariffs, perfect for Economy 7. It also features a programmable standing charge and debt collection function, as well as a fully electronic validator for coin acceptance ensuring no loss of revenue through the use of foreign or fake coins.

While easy to program on site, we can pre-program your meter for you prior to dispatch. Just select the optional extra and enter your requirements upon placing your order.

### Wiring Guide

\* Our single phase meter security kit is designed to deter accidental or deliberate tampering. The 6mm copper ferrule seal secures the terminal cover in place and the security collars, (designed for 25mm<sup>2</sup> cable), prevent access to the opening that surrounds the cables terminated in the meter.
