

YTL DDS-1Y - Summary Sheet

Summary

The DDS-1Y is an 80 Amp single phase meter. What sets this meter apart is the kWh reset feature. The meter displays two 6 digit displays (5+1), one reads total consumption and the other is resettable so that periodic usage can easily be recorded.

This Chinese manufactured meter comes with a pulse output and although advertised as two modules wide, it's actual width is 36.5 mm (as opposed to 35 mm standard size).

N.B. This meter can be fitted into a DIN Rail enclosure. [Click here](#) to see our full range of Enclosures.
