

TIM2000R Coin / Token Meter - Summary Sheet

The TIM2000 range is our most powerful range of time meters and accepts up to 6 coin types of any currency, which can be learned on site. It also rejects invalid coins and has a generous 450 coin box capacity. It is housed in a sturdy steel body with a unique radial 8 pin lock, reducing the likelihood of vandalism and theft.

Time can be set in minutes and seconds or hours and minutes, and a peak and off peak rate can be set, for variable pricing. A pre-start function allows a count down before the connected device operates and a pre-end function allows an audible warning to be given before the end of the allotted time period. A run-on function allows a secondary device, such as lighting, to continue for a pre-determined time once the allotted time has run out. The TIM2000 also features an interrogation menu allowing you to view the total on time and total money collected by the timer.

This 30 Amp meter will support a wide range of connected devices, drawing up to 6.9kW, and also features an override key switch, ideal for match play or maintenance. For devices drawing more than 6.9kW we can supply a 40 or 63 Amp contactor allowing devices of up to 9.2 kW or 14.5 kW respectively to be connected.

Your logo and contact details can be included on the front cover of the timer. If required, select the optional extra and email us a copy of your logo to sales@spwales.com.

While easy to program on site, we can pre-program your meter prior to dispatch. Just select the optional extra and enter your requirements upon placing your order, or feel free to call our friendly sales team who will be happy to help.

Timer Comparison Chart

| Timer | Payment Type | Max Load | Override | Start / Stop | Pre-set Tariff | Pre-Start | Pre-End | Run-On | Peak/Off Peak | Width (mm) | Height (mm) | Depth (mm) |
|----------|--------------------------------|----------|----------|--------------|----------------|-----------|---------|--------|---------------|------------|-------------|------------|
| TIM30 | £1 & 20p, L2 or L4 Tokens, €1 | 30A | ✓ | ✓ | ✗ | ✗ | ✗ | ✗ | ✗ | 183 | 270 | 93 |
| TIM60 | £1 & 20p, L2 or L4 Tokens, €1 | 60A | ✓ | ✓ | ✓ | ✓ | ✓ | ✗ | ✗ | 183 | 270 | 93 |
| TIM3100 | £1 & 20p, L2 or L4 Tokens, €1 | 13A | ✓ | ✓ | ✓ | ✓ | ✓ | ✓ | ✗ | 183 | 270 | 93 |
| TIM3200 | One or two session cards. | 13A | ✓ | ✓ | ✓ | ✓ | ✓ | ✓ | ✗ | 183 | 270 | 93 |
| TIM3500 | £1 & 20p, L2 or L4 Tokens, €1 | 13A | ✓ | ✓ | ✓ | ✓ | ✓ | ✓ | ✗ | 183 | 270 | 93 |
| TIM2000R | Up to 6 diff. coins; any type. | 30A | ✓ | ✗ | ✓ | ✓ | ✓ | ✓ | ✓ | 204 | 275 | 90 |
